## Denali Training Fund Quarterly Progress Report

Funds for this project are provided by the USDOL and the Denali Commission and managed, in partnership, by the Alaska Department of Labor and Workforce Development.

Name of Organization: Southeast Regional Resource Center	
Name of Project: SE Alaska Construction Trades Academy, DTF 9-310	
Reporting Period: April 1 – June 30, 2009	
Contact Person: Linda Kadrlik	
Contact Number: 586-6806	Email Address: lindak@serrc.org
Expenditures to date: \$52,188.55	
Certification: I certify that the information in this report is current, correct and true and in accordance with the terms and conditions of the agreement.	
Signed by: <u>Linda Kadrlik</u> Dated: <u>July 15, 2009</u>	

1. In a few sentences, please describe the scope of your project: SERRC presented a two-week Southeast Alaska Construction Trades Academy, April 13-24, 2009, which trained 19 rural southeast Alaska students ages 18 - 24 in basic carpentry skills, career exploration and decision making, and basic certifications needed for carpentry careers. Alaska Works Partnership provides the construction trades training and SERRC has coordinated all logistics and provides the career exploration and decision making and job-seeking skills training.

### 2. Project Activities for this Reporting Period:

Describe the grant activities that happened during this report period. Include planning, advertisement and/or training performance that occurred this quarter? List any accomplishments achieved. (Attach advertisements if applicable)

During this period SERRC provided transportation and housing details to the 19 students chosen to attend the academy and performed final planning for the session. All 19 students took part in and satisfactorily completed the session, which included classes in construction math, construction career exploration and job-seeking skills, basic carpentry skills and certifications in OSHA10, Alcohol and Drug Awareness, and HILTI. Students created AKCIS portfolios, studied Youth Employability Skills, signed up for ALEXsys, created a career plan, finalized resumes, and participated in mock interviews. Field trips included visits to UAS and the UAS Tech Center. Speakers including personnel from Juneau Job Center, Apprenticeship business agents, DOL&WD, presented details on getting and keeping a construction trades career.

Since the academy, several students have reported on their progress in obtaining construction-related employment and/or training, and an attachment details that progress.

**3. Scheduled Project Activities/Important Dates for next quarter:**

The 2009 Southeast Alaska Construction Trades Academy is completed, and the next quarter activities will include any additional information on student progress.

**4. a. How many are in your training program during this reporting period?**

Nineteen students were chosen to take part in the training, and all successfully completed the academy.

**b. How many people have been trained and/or certified to date from this grant?**

Nineteen students have been trained.

(Please complete form below.)

**5. Please list complete the list by putting the community to which each individual trained is from, the type of training and certification, the graduation date and who will employ them upon completion of training.**

Community where trainee lives	Type of Training/ Service	Type of Certification to be earned/earned	Dates of training	Graduation Date	Employment commitment after training is complete
Craig (1)	Southeast Alaska Construction Trades Academy	OSHA 10; HILTI; Alcohol/Drug Awareness Certif; AWP Certif of Training; AWP/CTA Certif of Completion	April 13-24, 2009	April 24, 2009	Ongoing
Haines (2)	See above	See above	See above	See above	
Ketchikan (5)	See above	See above	See above	See above	Student reply 1: applying for Ktn City Works Laborer w/random carpentry jobs; applying for carpentry/construction laborer job geared for people who are interested in carpentry trade; participated in

					May 11-15 AWP Sitka weatherization technician training; will continue carpentry training.  Student reply 2: Doing store maintenance; working to get driver's license; looking into apprenticeship positions
Klawock (3)	See above	See above	See above	See above	
Metlakatla (1)	See above	See above	See above	See above	Has applied for or will receive further training with AWP
Petersburg (4)	See above	See above	See above	See above	One student wrote: go to college for a year/then become carpentry apprentice
Sitka (1)	See above	See above	See above	See above	
Thorne Bay (1)	See above	See above	See above	See above	Working as general laborer around town/got learner's permit
Yakutat (1)	See above	See above	See above	See above	

**6. Please identify any problems or changes in your training project that will affect the budget, scope or timeline of the project. Is your training on schedule? What are the reasons for any difficulties or delays? Are you over budget/under budget? Have you had to change the initial scope?**

Please provide an explanation to this change and your resolution to the variance.

Everything proceeded as planned with the exception that SERRC trained only 19 instead of the planned 20 students.

**7. How are you or will you be evaluating the individuals being trained to ensure competency, skill level and understanding? (Testing, assessment, etc)**

Students received individual assessments for the various certifications they are receiving, which include OSHA10, HILTI, Alcohol and Drug awareness training, career planning, and Trades Math improvement. Although originally planned, students did not received CPR/First Aid training due to time constraints.

**8. Please identify areas that we can assist you in the future.**

We will continue to provide exemplary career/technical education to rural southeast Alaska youth with funding assistance from the Denali Training Fund. We appreciate your support.
